Custom cabinetry, custom coverage

You've made upgrades so your condo truly serves your family's needs. When you advise your broker of those upgrades, such as custom cabinetry, lighting, electronic systems or appliances, we can help ensure you have adequate coverage that meets your needs. Since your policy is customized from the start, you can be sure you're getting the right protection where you need it most.

Extra protection at no extra cost

As a condo owner, you face a variety of legal risks on a daily basis. A legal problem can quickly become complicated. That's why our policy includes Legal Expense insurance, an independent and convenient way to get assistance.*

Legal Expense Insurance helps cover legal expenses associated with legal defence, tax protection, contract disputes, property protection, and other legal issues. This feature also includes unlimited telephone access to general legal advice.***

Coverage you can count on

We hope you never experience a loss, but if you do, you can count on our dedicated claims team to help you get back to where you were prior to the loss as quickly as possible. We'll work closely with your broker throughout the entire claims process to ensure your needs are looked after and that you are kept up-to date with next steps. If any questions or concerns should arise, don't burden yourself – we're here for you 24 hours a day, 7 days a week.
